SMARTfit®
WIRED STRIKE PODS

Strike Pods Wired System

SKU

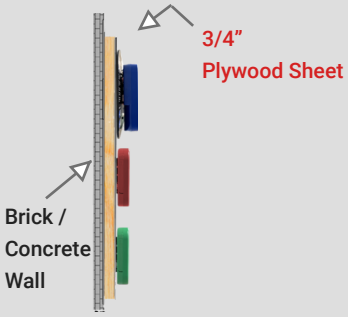

3 Pod: 1-60012
5 Pod: 1-60017
7 Pod: 1-60023
9 Pod: 1-60026
15 Pod: 1-60030

Strike Pods	
Width:	8 Feet (254 mm)
Height:	4 Feet (254 mm)
Depth:	2" (50.8 mm)
Weight:	2.5 lbs (1.13 kg)

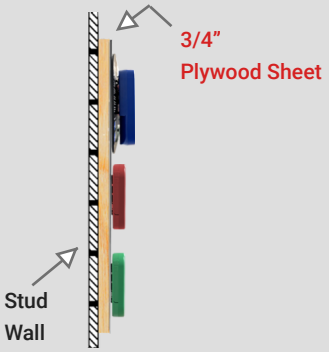

*Plywood not included. The system can be set- up along a wall, corner, in a racquetball court, or a playroom to create an exciting interactive play space designed to build cognitive and learning skills that include physical movement. The walls can be themed to suit the appropriate demographic group.

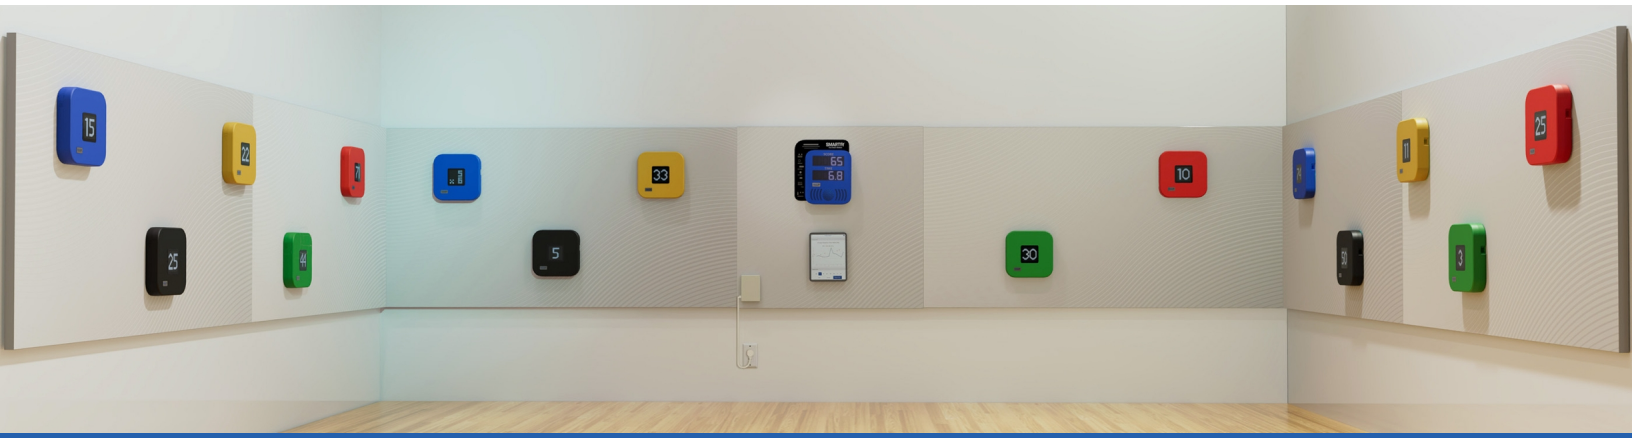

Installation requires plywood sheeting to cover the play area. Wiring is placed behind the plywood and threaded through holes at the chosen location of each Strike Pod.

Note: The system can be installed directly on a concrete Wall.

Stud walls will require a 3/4-inch sheet of Sanded plywood.
